Notes

1 SERVICE REQUEST NUMBER

Display SR number from Customer info as default but allow for editing

2 CANCEL BUTTON

Cancel button changes to 'Close' button after Summary info saved i.e. if edits have been made the button should display 'Cancel'; if no edits have been made the button should display 'Close'

RUN EXTRACT BUTTON

Set apart from the Save and Cancel buttons. Button is disabled until all required information and at least one coverage has been entered

3 SUMMARY - TAB BAR

Hide Coverages, Filters, and Fields tabs until user saves minimum Summary info
